PRODUCTION FACILITIES
Izmir Factory

For many years Katmerciler has been making production in its integrated and modern production facility on 31.500 m² area (17.000 m² of it is indoor area) in the İzmir Çiğli Atatürk Organized Industrial Zone.

- The construction of new manufacture facilities as 32,200 m2, consisting of four stages, was completed in Ankara Başkent OSB, including the Production and R&D Center for Defense Industry. Manufacture started at the factory, which was completed in the first stage of the facility construction.

PRODUCTION FACILITIES
Ankara Factory

- The second and third stages of the factory preparations have reached the final stage and manufacture will begin in 2020.
- As the 4th Stage, the Test Track joined the facilities in 2019.

COLLABORATION WITH THE LARGEST COMPANIES OF THE WORLD

KATMERCİLER

- Katmerciler works with the major vehicle producers such as FORD, MERCEDES, MAN, HYUNDAI, ISUZU, IVECO, KAMAZ, KRAZ, MITSUBISHI, RENAULT, SCANIA and VOLVO.

- Katmerciler participates in the tenders, either indirectly as the equipment producer of the truck producers, or directly by supplying vehicles from the producers.

PRODUCTION PROCESS

'Turnkey production' from design to paint under one roof'

- Production line of the company has been organized as suitable for the production of many different types of products
- 10 - year spare part supply guarantee after sales

WHY KATMERCILER

KATMERCİLER

Business philosophy that does not compromise on quality

Trained and experienced workforce

Over 30 years of experience and know-how

Superior design capability through cooperation with TUBITAK (The Scientific and Technological Research Council of Turkey) and universities

Wide range of products

Special design and production for customers

Turnkey production from design to paint under one roof

To be a transparent company that has corporate governance understanding, respects all its shareholders, keeps its reputation above all, is open to the public, operates in accordance with SPK (Capital Markets Board of Turkey) legislation

To realize new investments in production based on advanced technology and automation and to develop production especially for the defense industry

Project collaboration and working experience with automotive manufacturers; many companies make production in Turkey

On time, at the desired level and quality delivery conditions

To be a company that adds value to all its shareholders, to manage the future from today

Design and production based on advanced technology with R&D Center

After-sales service and support
